Club Meeting

Feb. 3, 1999

Old Fresno Hofbrau
Tulare and R Street

Fwy 41 to Tulare St. turn West on
Tulare, it's on the So. side of the Street

Dinner at 6:00 p.m.

Meeting at 7:00p.m.

**Come in your cowboy clothes
(no guns)**

This is a family affair. Bring yor wife, girlfriend, (*heck bring em both if yur real brave*) yung'ns, grampa and gramma. This is a good food, good drink and good friends type of meeting. It's your club, and if in your gonna share the work you might as well get in on the fun!!

99 Starts with a Bang!

1999 is here and the KRR is off and running.

Buckskin and Longbranch put on our first match for 99. These two cowboys did one fine job, great shoot guys. Those of you that missed this one missed a first class shoot!

We had great weather, and a good turn out of shooters. It don't get much better for cowboy shooters.

I overheard someone say Toeless Joe was tracking down a mountain lion. Don't tell Joe, but the one he's tracking lives at my house.

On Feb. 3, KRR will have a club meeting at the Old Fresno Hofbrau. This meeting is for all club members and their families. The meeting starts at 7:00 p.m.. Come early and have some dinner and visiting with fellow KRR members.

Feb. 7, Sunday, cowboy long range shooters are planning on invading FRPC

silhouette long range match. Single shots and lever guns are welcome. They have a class for lead bullets, so let's all get together and give it a try. Plan on meeting at our range at 8:00 Sunday morning. Let's all wear our cowboy duds and go visiting. If you have any questions call me at home.

At the meeting after our shoot this Sunday, the club voted to make Ft. Miller "99" a 3 day shoot. There will be a slight increase in match fees, it increases to \$60, that's only \$5 more this year. This increase is due to range fees for one extra day of shooting.

In order for Ft. Miller "99" to be a success it takes everyone in KRR to help out. If you have any ideas to improve our match or you want to get involved in the planning of this event, please call me.

From the Blacksmith

Certainly one of the nicest hands in the KRR is Hoss. He would literally give you the shirt off his back, or in this case the hat off his head if you needed it! Hoss loaned me his hat when he found that I had run off and left mine at home. I was kinda hopin' it might even make me shoot a little better but I guess it can't work miracles.

Be watchin' for some news on work days coming up soon.

History Repeats Itself

Having used and abused the creativity, talents and labors of the builders of Boomtown, I have been appointed the Head Carpetbagger of the Planning Committee. In this capacity, I plan to continue to call on the KRR members to use their skills and good will to enhance our range and the common areas available to us. In plain language this means I'll talk about it but you'll do most of the work.

In all seriousness, we have accomplished a great deal in the last 12 months, but we almost burned out a

the shooters on the long range shoot using new guns. Jessie Montana was sporting a brand new out of the box Chief Crazy Horse (*real pretty gun*). Terrible Ted had a new Browning Traditional Hunter, single shot. And last but not least, Hawkeye O'Riley was shooting a Remington Rolling Block. I think we need to check into if these three were seen hanging out together and if there were any bank robberies near by.

Seems Madera Dave helped the Turkey on stage 4 hide from Longbranch.

Beanpot inquired into renting the bunk house on stage 2. Cole Chance told him it would be \$60 a month, \$80 if he wanted a door. Beanpot's still giving it some real serious thought. Say's he'll guard the range for us for a discount on the rent.

Riverdale had a small problem on stage 2, seems when he went to take a seat on the throne, there was a real loud, low, gassy rumble, and the next thing I knew he couldn't see too well. Something must'a got in his eyes, cause they teared up something terrible, and he was laughing so hard he couldn't hit a thing with his rifle. Whatever it was, the Antelope Kid got a real hoot out of it.

Several of the shooters on our posse had a hard time getting started on stage 2, seems once they laid down on that bunk, some of them dozed off and the timer had a hard time rousing em.

Good to Samurai, Navajo Joe and Felix out shooting again. Glad to see Buzzard to, hope he's shooting soon.

Long Range

A group of KRR members expressed interest in shooting with the Long Range Silhouette Club at F.R.P.C.. They shoot in the 1st Sunday of the month. If you're interested meet at the KRR range around 8:00 a.m. on February 7th. Check with Cole Chance as to the type of guns and ammo allowed on their range.

Goat Ropers

Little Annie came through with flying colors taking first place, and Maverick coming in a close second! This year the goat ropers will be shooting timed scenarios just like the adult shooters. In fact they will be shooting part of one or two stages that the adults will shoot during each monthly match.

Goat ropers will be seperated into beginning and advanced groups with beginners being given instruction in proper gun handling and safety procedures before they are allowed to shoot the scenarios with the advanced group.

Eventually, after proper instruction, the advanced group will be doing limited shooting with .22 caliber pistols under the direct supervision of the adult range officer.

All goat ropers will be required to have a release form signed by their parent or guardian before being allowed to participate.

During the winter months when adults start shooting at 10:00 a.m., goat ropers will start shooting at 8:30 a.m. so as to be finished before the adults start to shoot.
