A Memo From The Mayor

The Great Hamlet Johnson once said, "To Shoot, or not to Shoot, that is the question". That is the exact question the Johnson Town Council will be asking our club members on November 15th. As you all know 2020 was a tough year and a lot of clubs had to cancel their annual matches. This was a bummer for those of us who love to travel around and shoot at the different clubs. It is also a financial hit to the clubs as well. The town council would like to get input from our members regarding if and how we will be having the match. The club had a great run of 25 years strait of holding this event. It is talked about throughout the community as a great and challenging match. Who else has a flying buffalo? I am hoping that the politics, the virus and the shortage of components will all go away and life will be back to normal. Well as much as a Johnson could expect. Please plan on attending this meeting after the Match on the 15th. Dusty Devil Dale Johnson is planning a great match.

Thanks

High Cotton Johnson

OCTOBER MATCH WAS BOO-TIFUL!

Well Regulators, the air was finally clear enough to see through and the temperature finally low enough to not cook things so that we could have a match - and what a match it was!

Snakebite put together a very challenging match and boy was it a kick to shoot! 17 true blue shooters took up the challenge and one, only one, shot the match clean. Congratulations Kaweah Kid!! This was quite an accomplishment. Well done cowboy!!

Our next match is on November 15th (and 14th for those who like extra practice). Don't forget that we will have a club meeting following the match on Sunday - we need your input and support!

#####

Starting The Stage With Style!

When asked about hand position to start one of the stages, Tall Tale Todd replied, "Hands on hips, and hips out SASSY!"
