

March Shoot MAdness

Dusty Devil Dale really went all out for the March shoot! Although it was a bit cold & windy (of course the wind stopped & the sun came out after the last stage...) it was a great day of shooting. We had the Texas star, plate racks, and some REAL rifle targets at a distance! It sure was a lot of fun, and we appreciate all you put into it Dale.

Top honors go to Clancy on Saturday and Coyote Carson on Sunday. Congrats cowpokes!! In addition we had a few clean shooters – Clancy on Saturday and Badman Bob, Justice Loving, and Snapshot Dualin on Sunday. Quite an accomplishment considering this month’s challenging stages!

Snakebite and Big Bad Blaine have plenty in store for us this year! If you haven’t sent in your registration then you had better flag down the pony express quick and get on it!! It’s business as usual, so let’s celebrate by having the best Fort Miller Annual yet!

Let Big Bad Blaine know if you can help with the side matches on Thursday or set up Wednesday evening. It’s gonna be great!!

In the Noose

This month we are putting one of the club head honchos into the noose – our School Marm Manny’s Granny!

Manny’s Granny has been Cowboy Action Shooting with the KRR for about 18 years now. Seems that all those years ago she and her husband (Tollhouse Tracker) wandered over to the Fort Miller Annual shoot. Well Ramrod saw them and kept trying to put a gun in their hands! She and Tollhouse thought that this looked like

a lot of fun, and the people certainly were friendly. The rest is history.

As the KRR School Marm Manny's Granny does a lot of the background work that most of us cowboys & cowgirls don't see – kinda takes care of the paperwork, if you will. Stuff like taking care of the awards dinner at the annual and registering everyone & entering scores for the matches. She does a great job, keeps things organized, and just like a real school marm she just may give you a whoopin' if she sees you being lazy!!

One aspect of the sport that Manny's Granny appreciates is that it teaches young people valuable attributes – like responsibility, respect, and humility. That's for sure! She also loves the people and camaraderie we have in our club

Her advice to newer shooters is to come and watch a match. Ask to shoot and try it out. She suggests jumping in with both feet. Don't be afraid, because we're a great bunch of people!

Thanks Manny's Granny for talking to us, and for being a valuable member of the Kings River Regulators!!

After shooting the stage in Bay 7 this month Bad Man Bob said, "Who wrote this stage? I wanna hang him!" Better watch out Dusty Devil Dale! 😊

Eagle Eye Joe is ready to go!

Heard Round' the campfire:

Dustbowl Debbie was giving Hubbie Pinebox Filler the stinkeye during the shoot – Seems that Pinebox does the loading, and Debbie had "popcorn fart" shots with her shotgun consistently. Mysteriously, Pinebox didn't, causing Debbie to state, "I'm gonna use your shotgun – it seems to work every time!". Hope the couch was comfortable Pinebox... 😊

Two Fingers Slim! Where are your pistols???

Posse 2 decided to call one of the March stages a “German Stage” – Because of the question, “do you load ten rifle?” and the response; **NEIN!!**

TALK ABOUT GOOD SHOOTING!

So we were shooting 4 knockdown shotgun targets that were lined up behind each other. Although a few of us got lucky, Lefty Who only needed 2 shots to knock down all four!!
