B.Y.O.C.

Bring yer own cob! If yer a plannin to visit the mayors office any time soon you might remember ta BYOC. Square Shooter, Alibi Bill, Rev. Buster D.D., and Kid Dietrich were the contractors who built the newest addition to the KRR inventory of props. It's the nicest Sh*t house I ever seen, but heavy! I always wanted a room with a view. January's adventure was a real hoot. There was plenty of action and a load of surprises. Henry's revenge was great fer the guns you load on Sunday and shoot all week. Boy howdy, it's hard to hold that rifle still with a bag of gold danglin from yer wrist! I heard nary a discouraging word. We had a number of new shooters and a few return visitors from Chorro Valley. I think that our matches are some of the best I've been to. As long as the members continue to rise to the challenge and help one another, we will continue to grow. Next month is gonna be another great event so make sure and be there. Remember, if you are the match director, we have a book of the scenarios we have used. You don't have to come up with a new one every time. A revisit of some old ones is quite all right. Once again, GREAT JOB guys. It was enjoyed by one and all.

Cowboy Shoots

Quote of the Month

"I couldn't hit a bear in the ass with a banjo" Sierra was heard on stage 4 during our Dec match.

WHAT NOW?

The dust has settled from the Dec shootout and its time to think about our second year. What do we want to do and how do we want to do it? We have learned much from our successes and failures, and we now have the opportunity to make corrections to our course. One thing I would like to see happen is to get all shooters involved in the match setup. Up to this point, a few dedicated souls have carried the burden by setting up stages on the Saturday before the match. That's still OK, but if the Match Director knows what he or she wants, I think it's possible a Sunday morning setup could work.

Parking

Come on folks, lets get with the program! You all know by now that parking in the lot across from the cowboy shooting area is restricted to the vendors and registration setup. We were forced to set up registration outside of our area (in a no gun area) because of the problem. Starting next month this policy WILL be enforced. NO PARKING allowed in this area other than vendors, and registration setup.(Fannie & Jessie). If you have a special problem, let me know. Lets try to hang out there, instead of the road. Officers, Handicapped, and ROs may park beside the building. ALL!!! others park in the lot. Please, lets ALL make it work.

A COUPLE OF YOUNGERS

COME ON, KEEP EM MOVIN

I BAD!

THREADING THE NEEDLE

You might beat Shorty's shootin, but you can't beat his meat!

THE DUKE

SNACK BAR

COWBOY CHATTER

Do you think we should add a category for seniors? Seniors are age 65 and older. What about a Frontier Cartridge (Black Powder) category. This category requires the use of Black powder, Pyrodex, Black Canyon etc. to be used in all three guns, and they must be at least 36 cal. The shotgun must be a side by side or lever action. No pumps! We can only add these if there is enough interest.

Keep an eye on the suburban sprawl. If the county keeps allowing housing development to go in around the range, we might be out in the cold! Then where do we go? Hopefully someplace where we can expand, and put some roots down! Got any ideas?

The feedback about our Dec match keeps coming in, and it's GOOD! I think we better all pat ourselves on the back.

The officers of the KRR were elected to a two year term. That term is up Oct. 1997. The two year term was needed to maintain continuity and allow the club to get established. We can change that to one year if we want to. If we decide to do an annual match in Oct. it might be wise to move the term of office up or back so as not to deal with elections and the match at the same time.
