Shoot the Green Target First

By: Cole Chance

This month's fine day of shooting was the result of lots of hard work by Judge Steele. This match was well written, well designed, and set up right. The Judge gave us some new ideas and even a Trivia Contest. I really liked his green target to mark the first shot. That's really a big help to us easily confused types! And his stories were really good. When the club first started, we always had stories to go with the stages, but we've kind of gotten away from that, so this was a nice change. Judge Steele, you did yourself proud. Good Job Cowboy!

Congratulations to Mariposa Slim for winning the Judge's

tough Trivia Contest. Some no count said that he knew all that stuff cause he'd been around so long, but I would never say a nasty thing like that! Obviously memory wasn't the first thing to go with this cowboy!

Another big thank you goes out to the Waterboys. These fine cowboys make a hot day at the range a whole lot more tolerable.

Fort Miller 2003 is coming up next month. Get those entries in now. On September 17th and 18th we will be doing the setup for the annual match. Your club needs your help. Please come out if you can. August 24th we will be changing our targets over to the new mounting system. We could use lots of help in this project. If you have metal grinders, gloves, and a willingness to help, bring them along. There

FORT MILLER 2003

Get those sign-up slips in ASAP. Sure would hate to see someone miss out on the fun, because they waited too long to sign up.

Let Cole Chance know if you don't plan to shoot, but would like to volunteer to help out. We need the whole club to make this a success. It's a lot of fun, but a lot of work too. We could use help with scoring, side matches, selling raffle tickets and all kinds of other things.

Let Jessie Montana know if you have something you would like to donate as a shooters prize.

You can reach them at

Election of KRR Officers

Elections are coming up in December for several KRR Officers. Start thinking about who would make a good Mayor, Treasurer, Secretary, Sheriff, etc. . Nominations should be in by the November shoot for voting at the December shoot. We've got a lot of new blood in the club and there are several people who would make good officers. Get their OK first before turning your nominations into Cole Chance.

ROUND THE CORRAL

By Ruthless Ruth

Ok, we all know Snakebite travels all over the place to cowboy shoot, but we have another long distance shooter in our midst. Seems Mariposa Slim and Bootjack Belle traveled about 1,600 miles in July to shoot with ^{the} Nebraska Territorial Rangers. Hear tell they had a real good time.

Hawkeye O'Riley did a little traveling too, went up to Oregon and got in a little shooting during a family vacation.

So what's it like to be the only female shooter on a posse? Well, if you're shooting with the likes of Doc James and Tucson Smith it's an experience. Tucson kept telling me I needed to go take my medicine and improve my disposition and Doc James pointed out that man had made only two mistakes, giving women the vote and letting them Cowboy shoot. With help and support like that you can't go wrong. Well maybe you can, I didn't take but 4 shotgun shells to the 6 shot stage, my pistol jammed and in general I'm really lucky I didn't shoot anyone before I was finished. Worse case of brain fade I've had since last month's shoot.

On Bay 6, Helltown, Tucson Smith started to shoot and couldn't find his shotgun. Seems Terrible Ted, who shot just in front of him, had taken Tucson's shotgun and used it to shoot the stage (forgot to bring his own gun to the loading table). Then he had the nerve to complain about the way it shot.

A big thanks goes to T. O. Slow for those good tasting grapes he brought out Sunday, they really hit the spot.

Good to see Kentucky Gambler out shooting again too, it's been quite a while since we've seen him. Welcome back.
