Back in the Saddle Again

After a few months of being missing in action, the ***Kings River Gazette*** is back.

Like a bad penny, it keeps on returning.

This time around, we'll need help from everyone to keep it going.

If you have pictures of the new Hell Town or the Livery Stable (bay 4) please send them to us, we'd love to put them in the newsletter.

If you'd like to see something special in the newsletter, write it up and send it in, we'll look at it and put it in, as long as it meets our criteria.

Speaking of criteria, we reserve the right to not publish derogatory articles or those which might be considered harmful to Cowboy Action Shooting or KRR.

That pretty much leaves the book open to fun and informative stuff.

Submit your pictures, articles and ideas to link for The Gazette on Page 2.

FROM THE MAYOR - SIERRA RIDER

The January match had 24 shooters at our Saturday practice match and 46 shooters on Sunday which was a lot more shooters than we expected for January.

The Match Director was ***Mariposa Slim*** and the match seemed to be enjoyed by the participants.

There were some different target sequences and we still had around 10 clean shooters.

The Match Director for February will be our Sheriff - ***Ruthless Ray***. It should be a fun match

Our Fort Miller Annual Match is only a couple months away so get your entry in.

The State Championship Match at 5 Dogs is 2 weeks after Fort Miller and it would be a good match to attend and meet and see shooters from all over California.

Territorial Governor - KRR1 - Snakebite

Fort Miller 2013 will be here before you know it. It has been in the making since the day after Fort Miller 2012!

Many of your fellow KRR members have worked hard to make this the best of the best. If you don't normally shoot our Annual Match, this would be a very good time to start.

Fort Miller has been our annual celebration since 1995. Every year we are joined by friends from near and far who come together in friendship to enjoy Cowboy Action Shooting at is best. So... get yerself signed up rat-now!

We are fortunate to be in a area which has a number of CAS Clubs within driving distance for a good days shooting. Our neighbors to the south, **5-dogs**, is once again hosting the **California State Championship of Cowboy Action Shooting** (whew!), and over to the coast our neighbors at the **Chorro Valley Regulators** have secured the **SASS Western Regional Match**.

We have the **Pozo River Vigilance Committee** in Santa Margarita who have one of the nicest and coziest little annual matches to be found.

Two Rivers and the many clubs at Cowboy Town in Sacramento.

Yes.. we are indeed blessed to have such a great selection of places to shoot. I suggest, in the strongest possible way, that you make an attempt to visit these clubs once and a while. It is now, more important than ever that we support one another, and the best way to do that is to go shoot with them. Playing Cowboy is fun, no matter where you play.

So, Saddle up and let's ride.

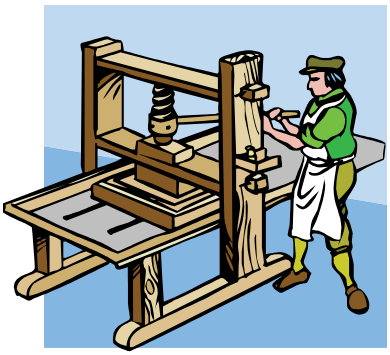
KRR is now on Facebook.
If you have a computer and feel comfortable, join your pals at the campfire on Facebook.
Just go to facebook and search for Kings River Regulators, send in a request and the gate will be thrown open and you can join the gathering.
Post what you like but keep it nice, we don't want to hang ya....

For Sale Items.
If you have something you'd like to sell to, and you think your pards might want it, or you need something, send the Gazette a line and we'll include it in the next issue of the Gazette.

Help Wanted.
The Gazette needs cub reporters to write articles, snap pictures and help make The Gazette a great paper to read.
Send ideas for articles, articles themselves, and pictures to the Gazette email address on this page.

See you on the range.



Ramrod's Musings

From the Pokey

Illegally acquired ammunition

Ammo must be carried to the line in an approved manner SHB pg. 10 & pg. 20.

Make sure you have your ammo with you when you get to the stage. If you run out, don't grab or accept ammo from someone else. Penalty is a Procedural and a Miss for any targets hit with that ammo.

If you overload your rifle (load 10 instead of 9) and you jack out a round, you can't shoot that last round (number 10). You need to jack it out and reload. That tenth round is "illegally acquired ammunition" and is subject to the P and Miss penalties.

Cowboy Logic

Fowlers Switch (Fresno County)

In 1872, the old Central Pacific railroad, forerunner of the Southern Pacific, constructed a North-South line through the San Joaquin Valley, which opened the valley to commerce and settlement.

The railroad constructed a switch a sort distance South-Easterly of this monument for loading cattle from the vast ranches of State Senator Thomas Fowler and others.

The switch became know as Fowler's Switch.

A town and post office were established in 1882 and at that time the name was shortened to fowler.

Thus the construction of the railroad and the switch 140 years ago lead to what became the City of Fowler.

E Clampus Vitus

Plaque located in Fowler, intersection of Seventh and Merced Streets.

If you're interested in old west history and want to know about ECV or E Clampus Vitus or the Clampers, talk to Ramrod, Wildcat John, Sutter Lawman, Payne Fullyslow for the whole truth, and nothing but the truth.

From the Mayor - Sierra Rider

structures on Bay 4 and it is proceeding nicely. We have also installed some decomposed granite in Bay 4 so the footing should be better particularly if we have wet weather.

We want to thank ***Geo Kid*** for donating many boxes of bullets for our monthly door prizes. If you need bullets, stay around for the meeting after the match. We should have bullets available for many, many months.

If you have any items you wish to donate for the monthly matches, please bring them to the next shoot.

Great Speckled Body will also accept items for the Fort Miller Annual Match Raffle. It is a major source of funds for our match. Thank you for your generosity.
