A Great Father's Day Shoot!!

+++++

Dusty Devil Dale once again provided some fun, challenging stages for us at the June monthly match. I don't know how he keeps coming up with this stuff!! Personally I thought the "Hourglass Sweep" was the trickiest, but the "Chaos" sweep was a thinker too!!

Thankfully the weather hasn't gotten unbearable yet, and the shooting was all finished by noon on both days. Coyote Carson took top honors on both days, with Badman Bob & Rusty Shotgun taking 2nd & 3rd overall (they just switched places on Sunday). Poison Oakley cleaned the match on Saturday while Two-Toe Bill Quickshot cleaned it Sunday.

Thank you Dusty Devil Dale for setting up a fun weekend shoot!!

.....

I like Rusty Shotgun's Posse Leader style – He doesn't just read the scenarios, he says "come over here and let me tell you a story..."

Misty Q takes out pesky shotgun targets

THE MAYOR'S MESSAGE

The King's River Regulators are really starting to come into their own, with new members and growing numbers at matches. That is due to you awesome members who promote our club and encourage others to join us. Nobody would sign up if you all weren't fun to be with. Thanks for continuing to talk to friends about coming out and enjoying our awesome sport. Without you the Kings River Regulators wouldn't be here.

Big Bad Blaine, Mayor, KRR#324

A dog limps into a saloon and announces, "I'm lookin' for the man who shot my paw..."

In the Noose

Well, for this issue of the Gazette we're putting a long-time member In The Noose – It's KRR#142 Two-Toe Bill Quickshot!

Two-Toe has been Cowboy Action Shooting with the KRR for over 20 years. He first got interested in it when he was visiting the FRPC to

shoot. He saw these cowboys having a lot of fun shooting classic guns and decided that when he retired from working on automated machinery he would try it. That was 24 years ago!!

What does Two-Toe like the best about Cowboy Action Shooting? "The shooting!". He used to do gunsmithing and has helped out many fellow KRR members with their guns (including yours truly). TTbQ likes to shoot here and is loyal to the Kings River Regulators.

When asked, TTbQ didn't even have to think about his favorite memory. "There was a stage when we had to shoot rubber hose 'snakes' out of a ring painted on the ground. When it was Snakebites turn to shoot, the "snakes" were nailed down..." I'm sure Snakebite remembers that one!!

If you are new to our sport Two-Toe advises you to "use Ruger pistols, cuz' they're tough, in 38 cuz they're cheaper."

Thank you Two-Toe Bill Quickshot for the chat and for letting us get to know you a little better. We appreciate the over 20 years of participation with the Kings River Regulators!!

Tall Tale Todd: "Next up is Old Rusty"

Rusty Shotgun: "Who you callin' old?"

+++++

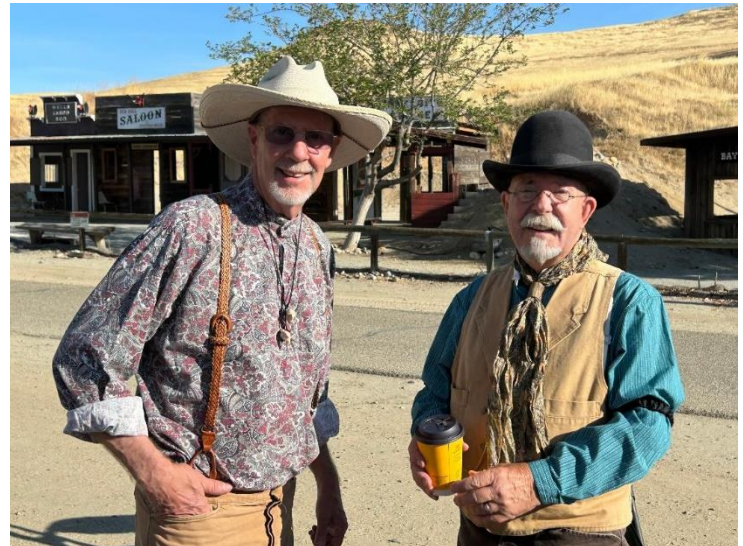

Just waitin' for the fun to start

#####

The Regulators are so tough that they even make the metal targets bleed!!

Here comes trouble!

Show us how it's done!

AWWWWWWW!!!!!!

Father & Son on Father's Day

Popsicles are the best!!!

I happen to notice this at the Buckskin Mine last Sunday and it brought back some memories. Not many of you will remember Bearpaw, KRR#6, but he was quite the character, and a great man. When my boys (one of em' is to the left in the pic) were little and were brass pickers Bearpaw used to give them a silver dollar as a reward. Sure miss this founding member of the Kings River Regulators.
