JAIL BREAK ! JAIL BREAK!

Cole Chance set up the break from our newest prop, a new jail, delivered to the KRR from our "Master" prop maker, Bear Paw. It didn't take long for Cole to figure out how to use it. He had us handcuffed with the keys just within reach, using a broom. This was the start of a "WORLD CLASS" four stage event. Things just got better as we progressed thru the four stages. First a stop at the RED DOG for a shot of Red Eye and a little poker then we were off riding Old What's-er-name and shooting like a woodpecker. I liked stage three with the fine, big, cactus and the rifle shootin thru the trees, but tryin to find them shotgun shells in that strong box full of "stuff" was a real challenge. I know a few of the locals that felt right at home on stage four. Pickin up them road apples and throwin em in the bucket was something they ought to be good at. (They're slingin the stuff all the time). Yes, the hard work and thought that Cole put into this shoot was evident everywhere you looked. Let's all make sure to thank him for a job well done.

Non-profit status to be applied

The KRR is just about ready to file for tax exempt status. At the quickie meeting held at the last shoot, the necessary changes to the by-laws were voted in. The shooting fees were also increased. New fees are:

**\$10 KRR Members
\$15 NON Members**

NO AUGUST MATCH!

The officers and council members of the Kings River Regulators have voted to cancel the August match.

Open House

The FR & PC held an open house Saturday, June 15. Most of the clubs set up stages for all comers to try. Well, the Kings River Regulators were set up and ready. There were a number of "serious" shooters that showed up to give it a try. You know the type, when the clock goes off they jump out of the starting gates like a race horse. Well, I must say that most of them did quite well at the shooting portion of the game. But when it came to struttin into the Saloon in typical "B" western style, they still need a little practice. I think a few might be back to try again. Sometimes a change of pace is just what the doctor ordered. Good friends, good times, no pressure. The Kings River Regulators!!!

Match Director

The Match Director has a BIG job. He or she must see to it that there are four stages planned and approved by the Sheriff. They must be set up in time for the match. The director should appoint a Range Officer for each posse and explain the course to them. The RO runs the posse! The RO must time the shooters and see to it that the score is recorded. The director also makes sure that the winners in each category
